

SPIDER KIDS CLIMBING CLASS

Spider Kids Climbing Class aims to help each child rediscover their climbing instinct. We teach, develop and nurture each child to find back that climbing form through lesson-based games and activities.

Each stage is an 8-week programme with an hour-long weekly session. Sessions include warm up games and instructed climbing with skills-based tasks.

Stage 1

Start your child's climbing journey by discovering the basics of climbing. Your child will develop climbing confidence with emphasis on agility, balance & co-ordination.

Stage 2

Your child will achieve climbing proficiency by achieving mastery of basic climbing skills. Additional practice and instruction will be provided in top roping technique.

Stage 3

Advanced climbing techniques, sequence recollection, and an understanding of how climbing equipment works will be developed during this stage. Your child will achieve climbing independence to continue on the various climbing pathway.

Spider Kids Stage 1
